**Promotion of Renewable Energy Sources in the Domestic Sector – PV Grant Scheme  
Part B- Request for Reimbursement**

**PART B – Request for Reimbursement**

**Part B –to be filled in after installation (to include Annex below) by the Applicant after receipt of grant offer letter, purchase, installation and commissioning of equipment**

This form should be completed in full. The application form and the documents indicated below need to be submitted to Malta Resources Authority within the time stipulated in the grant offer or in the guidelines. Please make sure that the model numbers correspond to the model numbers indicated in Part I of the application form as sent in the pre-approval stage and that your system has already been connected to the grid.

**Section (i) – Applicant Details**

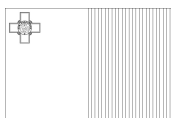

Name: _____	Surname: _____
ID Card No: _____	Telephone No: _____
E-mail(where applicable): _____	Mobile Number: _____
MRA Reference Number <sup>1</sup> : _____	
MRA Notification Number <sup>2</sup> _____	

**Section (ii) – Bank Account Details**

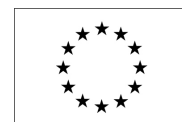

Bank Name
Branch Address
Bank Account Holder
Bank Account Number

<sup>1</sup> Number to be found in grant offer

<sup>2</sup> Notification as required in Electricity Regulations

Operational Programme I – Cohesion Policy 2007-2013  
*Investing in Competitiveness for a Better Quality of Life*  
Project part-financed by the European Union  
European Regional Development Fund (ERDF)  
Co-financing rate: 85% EU Funds; 15% National Funds  
*Investing in your future*

**Section (iii) - Documents accompanying Part B:**

Please tick the documents attached:

Original fiscal receipts (plus invoices where receipt is computerised). No. of receipts: _____	<input type="checkbox"/>
Photographs of the rating plates of technologies installed	<input type="checkbox"/>
Photographs of the installation site	<input type="checkbox"/>
Photocopy of MEPA Permit (where required)	<input type="checkbox"/>
Photocopy of 5 year guarantee	<input type="checkbox"/>
Original bank transfer statement	<input type="checkbox"/>

**Declaration by the Applicant**

I, the undersigned Applicant, hereby confirm that to the best of my knowledge, the information given in Parts A and B and any attached information is true and correct, and that it represents accurately the data being requested.

I undertake to inform the Malta Resources Authority (the Authority) of any changes in the information contained in this application, and I authorise the Authority to carry out the necessary investigations in order to verify this information.

I understand that the conditions for acceptance of this application may be changed and/or altered by the Authority from time to time.

I also undertake to give any other information that may be requested from time to time by the Authority.

I understand that the Authority shall not be precluded from taking action in the event that the installation is not carried out in accordance with the content of Parts A and B or does not conform with the requirements of the Government Notice in relation to this scheme or of any other legislation.

I confirm that the technology as specified in the grant offer (with the MRA reference number detailed above) has been installed and is operational at the site specified in the grant offer. This claim is final.

I understand and am aware that 85% of the public grant is being provided by the European Regional Development Fund under the allocation for the 2007-2013 financial period.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Name in Full: \_\_\_\_\_

**Annex – To be attached to Part B**

**Completion Certificate for Photovoltaic Panels**

This should be completed in full by a warranted engineer and left with the customer. It must be submitted as part of Part B - Request for Reimbursement form, to Malta Resources Authority within the time period indicated on the grant offer letter.

**TEST RESULTS**

**PV Module specification at Manufacturer’s Standard Testing Conditions**

Manufacturer & Model of modules	
Manufacturer and model of inverter	
Rated Power (Pmax) per module	Watts
Open Circuit Voltage (Voc) per module	VDC
Short Circuit Current (Isc) per module	Amps DC
Maximum Voltage (Vpmax) per module	VDC
Maximum current (Ipmax)	Amps DC

**Declaration by Engineer**

I confirm that the above system incorporating PV panels and inverters has been installed and commissioned at the above address. The system design is in line with current best practice and has been grid connected according to the Network Code and Enemalta requirements. The system is installed in such a manner as to comply with legal requirements.

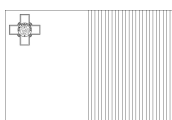

The system is operating correctly. I have explained the system to the customer and handed over all the instruction documentation including warranty details.

Name and Surname of Engineer \_\_\_\_\_ Warrant No: \_\_\_\_\_

Signature \_\_\_\_\_ Date \_\_\_\_\_

**Notes**

- In cases where the Applicant does not conform to any provisions set out in the scheme, the Applicant shall be obliged to either change the equipment to bring the installations within the provisions of the scheme or refund the grant.
- Applicants are to note that MRA has the right to reject applications in cases where both eligible and non eligible expenditure do not reflect current market prices.
